## APP Timber signs agreement with Van Hall - Larenstein

APP Timber has signed an agreement with Van Hall - Larenstein, the University of Applied Sciences in the Netherlands to provide at least two internships per annum at APP Timber's headquarters in Malaysia for 3<sup>rd</sup> and/or final year "International Timber Trade" students as part of the Bachelor of Forestry and Nature Management course. Van Hall - Larenstein offers this course combining nature and environment with responsible entrepreneurship which fits well into APP Timber's reputation to ensure responsible forest practice. Each selected student will be provided with an internship of minimum 3 months allowing themselves to learn more about the international timber trade. APP Timber is confident that such training will benefit students with their future careers.
