

APP Timber Obtains Singapore Green Label Certification

APP Timber introduces to you; the “Green series” as an answer to the growing demand of “Green Products” in the domestic market. The first Green Label from Singapore obtained by APP Timber now is **APP TimberTeak**; a series of recycled teak tiles and floorings. The material used for these products series come from salvaged floorings out of old apartments, buildings and houses which is being processed to be recycled. The **APP TimberTeak** contains no additional additive or chemicals so that its consumers can appreciate the beauty of prestigious species now with the Green label certificate.
